The Executioner of Charles I. The Pall Mall Gazette of the 22d of June says:

It seems probable that the remains of Brandon, alleged to have been the executioner of Charles L, were disturbed last week by the local authorities of Whitechapel, who have lately tal Operations and guarantee Satisfacbeen removing the bodies interred beneath Whitechapel Church for the purpose of rebuilding the edifice. In he burial register of that church is the following entry; "June 21, 1649 -Richard Brandon, a man out of Rosemary Lane, supposed to have cut off the head of Charles I." In "A Dialogue Between the Hangman and May 11, 75,-1y. Death," published shortly after the King, Brandon touchingly alludes to

When none but Brandon could be found to do it key, more than that it made three kingdoms quake et, in onedience to thy powerful call, lower wat the codar with some shrubs, and all satisfy thy ne'er contented inst low, for reward, thou tellest me I must ay down my tools, and with thee pack from hence

Grim Sir, you give a fearful recompense Brandon, however, may think himelf fortunate that he found a restingdace in Whitechepel Church, where te has been permitted to sleep so many years undisturbed, for when he died, on the 20th of June, 1649, in his house in Rosemary Lane, a large crowd assembled on the occasion of his funeral and suggested that he should be buried in a dung-hill. It was, indeed, with he utmost difficulty that the local authorities of Whitechapel in that day managed to smuggle his body to the churchyard, where it was at last earried with a bunch of rosemary at each

across from one end to the other.' A chicago inventor comes forward with a rival to the Keely motor, and inventor, a voyage from New York to do away with our personal hates so comfortable home with one of our has progressed so far as to be willing "We may add that there is no party | London can be accomplished in fifty far, that in the cause of an established most worthy old citizens, but the mere to state that by the combination of trembling, and to avoid a repetition pressure of 10,000 pounds to the squre inch. Further, the Chicago inventor refuses to particularize. He is running a race with Keely to reach ble moment. So Democracy is split construction of the floating air-ves- begun, carried on, and finished by a percent construction of the Patent Office first with a model, General Jewell has expressed himself gratified at this new invention, and might well point at it the finger of asserted on good authority that she does not know that the two inventions that Baron Von Schloezer, the Ger- scorn. The money expended upon it has confessed to a presentiment that will conflict. Secrecy and reticence in Philadelphia, and the public are vastly more interested in what remains to be told than in what they have already heard. Let the rush for new motors proceed by all means. Possibly some of mechanics who have senses of the Eve, all Chronic diseases become intected by the Keely excite- and diseases neculiar to females. ment, though they fail in their efforts for absolute origination, may in the end work out valuable improvements upon the manipulation of force as de-

A Mississippian has a cat of which he tells the following story: "I was sick a short time ago, and the cat specie payments over the presentation reputation of the leaves no principle to be discussed will be constructed on the same prinwould come from the table to the bed between us. We can now discuss cipie as wind mills. The machine had at Picken's New Model Jewelry and 15th days of the lunar month it down beside me. I threw it off, but June 15 .- if. storms are particularly prevalent; as soon as I did so the cat would bring and on the 6th, 20th, and 24th days it back, until I thought she wanted me to eat it; so I made her believe I ate it, and the cat went away apparently satisfied. And before night the same day, she brought me a striped squirrel, and each day of the three days I was in bed she brought me

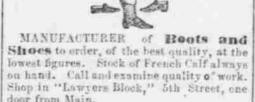

> "Latin and Greek are all right," aid a Washington county farmer to his son, a young graduate, the other day, "but gim me a man who can plow around an apple tree without

Bristol Cotton

LIAVING completed our COTTON MILLS at this place, we respect. fully invite the attention of the public to the excellent quality of Cotton Yarns and Sheeting which we are now manufacturing.
